

# CJ & Associates, Inc.

## Government & Education Division

Through strategic alliances, CJ & Associates, Inc. offers products and services targeted specifically at all government and educational entities. Some examples are:

- Federal Agencies
- State Facilities
- Native American Owned Casinos
- County, City & Townships
- Police and Fire Departments
- Public Run Facilities

- Preschool & Day Care Education
- K thru 12 Schools
- Specialty Education
- Technical Colleges
- Universities
- Libraries

To best serve these markets, CJ & Associates, Inc., employs certified interior designers, trained and experienced technicians and installers, a full project management team and a sales force with over 50 years of combined experience in the industry, working in unison to successfully complete any size project. Our sales force focuses exclusively on these two markets and will “proactively” interact with you on a regular basis, rather than just “reacting” to a project after it “hits the street”. Whether it be a new building, a small remodeling project, or the simple purchase of a file cabinet, CJ & Associates, Inc. will always strive to service your specific needs.

Further, we have established relationships with a wide variety of manufacturers offering products found both on GSA and State Contracts, as well as the open market. This ensures your facility the best possible value for your purchase.

Finally, CJ & Associates, Inc. is a fully Woman Owned, Small Business entity, which may also help your facility satisfy any or all diversity requirements mandated.
